Cutters For Clay

www.cuttersforclay.co.uk

1. Roll out your clay to 7mm thick, we've used our clay spacers to help

2. Dust your stamp with talc or corn flour & stamp the tree design into your clay. Gently lift off the stamp

3. Dust your cutter and cut out your tree shape

4. Cut out some shapes and decorate as you wish. Don't forget to score and slip every decoration to attach them to your tree

5. Ta-dah! Let your tree dry completely before firing
