

Make a Christmas Pudding Hanging Decoration with me...

Cutters For Clay

www.cuttersforclay.co.uk

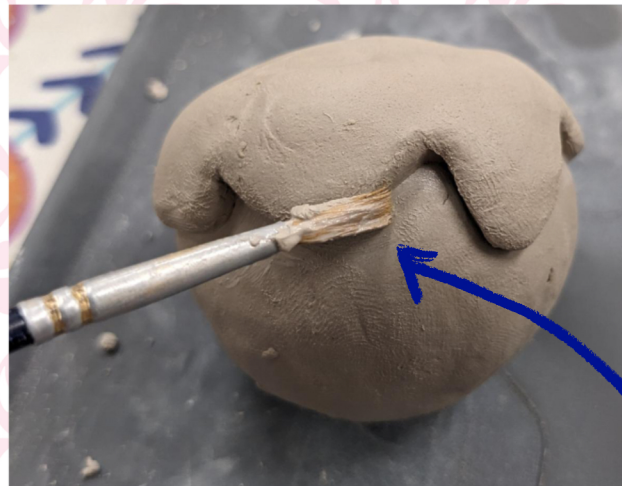

1. Roll out a golf ball sized piece of clay

2. Use your thumb to hollow out the middle

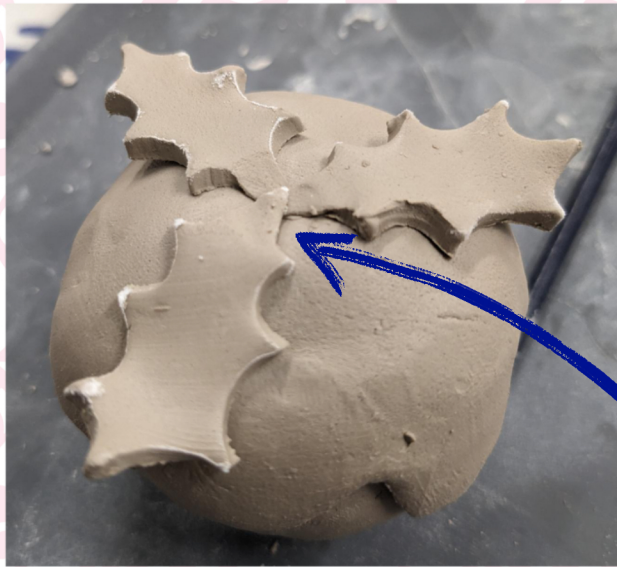

3. Roll out a piece of clay and cut out a shape for your icing

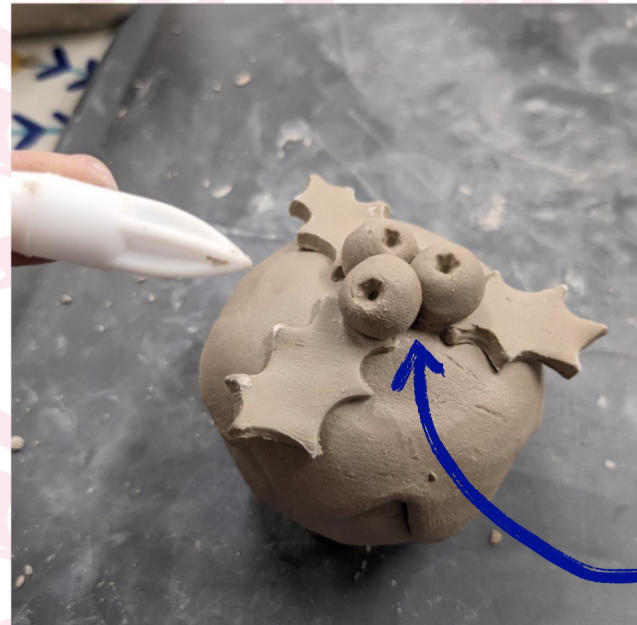

4. Score the edge of the open end, paint on some slip then attach the icing over the open end - smooth the join with a damp paintbrush

5. Cut out 3 small holly leaves from some rolled out clay

6. Score and slip the holly leaves on top of the icing and shape as you want

7. Add 3 small balls of clay as berries - we've used a tool with a star tip to add details to the berries

8. Use the handle of a paintbrush to make an air hole in the bottom

9. Ta-dah! You have your Christmas pudding! Just add a small metal hook so you can make a super sweet hanging decoration!
